Information About Book “Fierce”

Fierce is a powerful spirit-filled book written by Prophetess Deborah Allen. The Lord breathed upon this book and filled it with a fresh wind. Fierce was a God-inspired book as it was being written. God’s yoke destroying anointing was loosed as this book was being penned. God’s spirit and anointing also flows as you are reading this book. Fierce prepares, instructs, and pushes the believer to put on the whole armor of God that we may be able to stand. Stand in the Lord and be fierce. As a Christian, the battle gets fierce when fighting the very enemies of our souls. Moreover, the battle is heated while going through the trials of life. Fierce is what God’s people must be. God inspires and require us to be fierce.
